

Dear Families and Care Providers,

Peterborough Child & Family Centres (PCFC) is closely monitoring news and guidance regarding COVID-19, also known as novel coronavirus.

As an organization open to the public, the health and safety of our participants, staff, volunteers, and community is always a priority. As such, we are actively following the leadership and guidance of the Government of Canada, Public Health Ontario, and our local health unit, Peterborough Public Health.

To help protect the health and safety of the public during the COVID-19 pandemic, PCFC is **temporarily closing** to the public, effective immediately (March 14, 2020). This includes our programs and administrative offices.

We anticipate remaining closed until **April 6th**, but will continue to follow the guidance of public health officials regarding the duration of the closure.

We will continue to communicate any updates to our programs and services through our website.

Thank you for your understanding and ongoing support!
