

JOIN OUR BOARD OF DIRECTORS!

We are currently recruiting volunteers for our Board of Directors, beginning September 2023. We are seeking a Treasurer with a background in accounting, finance, or a related field and 2-3 additional Directors at Large. We offer a comprehensive orientation and annual governance training. With a brand new Strategic Plan to guide us over the next three years, there's never been a better time to support PCFC!

PCFC is working to ensure our Board of Directors is representative and reflective of the communities we serve and we are interested in recruiting board members from communities that are currently underrepresented on our board, including persons with disabilities, Indigenous peoples, members of racialized communities, 2SLGBTQ+ persons, and rural residents.
